ANNOUNCE ENGAGEMENT.

Mr. and Mrs. Harry Ainsworth of Moline announce the engagement of their daughter Sarah to Howard H. Rogers of Rockford. The announcement comes from the Ainsworth summer home, Hilarity Hall, at Michilli, Mich., where Mrs. Ainsworth and daughter are spending the summer months. It comes as a delightful surprise to the tri-city friends of Miss Ainsworth, who is prominent in social circles. Following her graduation at the Moline high school she attended Oberlin college, the alma mater of both Mr. and Mrs. Ainsworth, and she completed her college course at Smith college, from which she graduated with the class of '14. Miss Ainsworth made a wide circle of friends who will shower her with best wishes. Mr. Rogers, whose home is in Oak Park, is connected with a leather concern in Rockford.

ANNOUNCE ENGAGEMENT AT DINER.

The announcement of the engagement of Miss Mildred Cardall, daughter of Mr. and Mrs. George Cardall of 420 Fifteenth street, to Leonard Dickerson of Moline was made at a prettily appointed dinner party of the past week at the home of Miss Emma Geiger, 2106 Fourth avenue, Rock Island. Covers were laid for 10 in the dining room, which was decorated with the chosen colors of the bride-elect—blue and white. Blue and white hearts formed a unique centerpiece and the place cards were daintily hand-painted. The guests were the members of the J. D. club. Her fellow members made the occasion a miscellaneous shower for the bride-to-be, who was the recipient of many pretty and useful gifts. The bride-elect is well known in Rock Island and the announcement will bring forth the good wishes of a host of friends. The wedding will be an early September event.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. Daniel Kruse of 3427 Seventh avenue, Rock Island, announce the engagement and approaching marriage of their daughter, Ruby C. Kruse, to Charles Oswald, Jr., of Rock Island. The wedding will be an event of this month.

Miss Kruse left today for Cedar Rapids, where she will be the guest of Miss Ira Stolba who is to serve as bridesmaid.

ROCK ISLANDERS AT BURLINGTON.

A jolly aggregation of dames and misses from Rock Island stopped off in Burlington on boats today, enroute from Rock Island to Quincy, via the White Collar line. They had one thrilling adventure here. Just after boarding a street car at the corner of Main and Washington streets the car jumped the track. The ladies refused to shoulder the blame. The following comprised the party: Misses Kathryn Young, Laura M. Moore, Ethel Porter, Anna Reed, Hilda Couch, Helen Vollmer, Mary McCaffrey and Mary Schmitt, and Mesdames F. V. Klatz and F. S. Dixon.—Burlington Gazette.

DINNER DANCE AT ARSENAL CLUB.

Miss Dorothea Vollmer and her brother, Harry Vollmer, of Davenport, gave a dinner dance Saturday evening in honor of Miss Vollmer's house guest, Miss Millicent McCrady of Pittsburgh, Pa. About fifty tri-city young people were in the party.

LUNCHEON AT MT. DA.

Miss Lillie Haguet Preston of Davenport entertained at a small luncheon Saturday noon at her home, Mt. Ida Place, having as her guests a number of tri-city girls of the younger set. The tables were done in asters of the

different colors. Among the guests

were Miss Siler of New York, visiting Mrs. George W. Burr at the arsenal post; Miss Alberta Richards of Hannibal, Mo., the guest of Miss Katherine Marshall of Rock Island, and Miss Millicent McCrady of Pittsburgh, Pa., who is the guest of Miss Dorothea Vollmer of Davenport.

When You Can't Sleep.

There is an old theory, which many people believe and which is certainly harmless, that sleeplessness may often be cured in the following odd way: Move your bed out into the room, so that no part of bed or covers will touch the wall. Then place under each corner of the bed a piece of rubber or a rubber overshoe or set the corner in a thick glass dish. Then go to bed, making sure the covers do not touch the wall. Thus the bed and yourself will be cut off from all electric contact with floor or wall. Such absence of electric contact, it is claimed, will make you sleep better. It is said to have cured stubborn cases of insomnia.

SOUTHERN GIRL TO SEEK HONORS IN GOLF TOURNAMENT

Miss Alexa Sterling.

Atlanta, Ga., Aug. 9.—Why not? She qualified a year ago at Long Island with eight among the best scores; she was beaten by George Ann Bishop only 2 up and one to play; and at Birmingham, May 29, she won the women's southern golf championship.

Her machine play is perfect, her drive averages 180 to 200 yards, her iron shots get 100 to 150 yards, she controls the most troublesome of all approaches, a short niblick pitch, and her putting is sure.

This is the game of Alexa Sterling, 16 years old, daughter of Mr. and Mrs. Alex W. Sterling of East Lake. Why shouldn't she show well, or win, in the national golf championship for women next month in Chicago, which she has decided to enter?

An old hand at the game would find his answer in her age. Sixteen is not the time for national championships. Steady courage and an old acquaintance with the trials of tournament play are needed then. Coolness and, in critical moments, an unwavering brilliancy are the desiderata. One must have the experience that keeps the eye on the ball and club following through even in times of sorest strain. And these are not the qualities of the 16-year-old golfer.

But there may be exceptions. There seems to be one in the Atlanta girl who won the southern championship so brilliantly at Birmingham. Even last year at Long Island, on a course utterly different from that in the south, she qualified and turned in a 23, while the best score of the qualifying round was 35. This was a year ago, and meantime she has improved 20 per cent.

Necessity Has No Law.

"I wish I could afford to own an automobile," remarked Brownsmith, who was taking a spin in Flubdub's touring car.

"I wish I could, too," replied Flubdub.—LIFE.

HOUSEHOLD HINTS

THINGS WORTH KNOWING.

After washing the hair a good way to rinse it, fill a sprinkling can with water, suspend in on a nail above the head over the sink or bathtub, the water comes with force enough to thoroughly rinse all soap from the head.

Use for old tacks and broken or rusty needles, pins, etc.—Place them in layers in soil when you transplant a fern or plant of any kind; then take a match, put sulphur end down and you will have a green, rich, beautiful plant; never fails.

CANNING AND PRESERVING.

Preserves—Pare and slice a pineapple (canned pineapple may be used if the fresh fruit cannot be had); then dice the same amount of watermelon rind by weight and allow measure for measure of sugar. Add sugar to make a rich sirup and when it begins to boil, add the fruit. Cook about 45 minutes. Seal while hot. The watermelon absorbs so much of the pineapple flavor it is difficult to detect the difference between the two.

Jelly Bag Hack—An easy way to make a rack to hold a jelly bag is to take an old kitchen chair and saw off the back, then turn upside down; take a square of cloth large enough to reach to all four legs and tie to legs. Put a pan under this stretched cloth to catch the juice.

ICE CREAM.

Vanilla Ice Cream (This makes three quarts)—Two quarts sweet milk, one pint sweet cream, two to two and one-quarter cups sugar, two egg yolks, a little cornstarch (make a paste of it with milk, then thin and add to rest), vanilla extract, two egg whites. Take milk, cream and sugar, bring to a boil, add cornstarch and egg yolks. Boil off steam, cool and add vanilla. When cold freeze partly, then add beaten white of eggs, finish freezing. If you desire to add fruit, add it when first part is half frozen. A very cheap but delicious ice cream.

THE TABLE.

Ham Canapés—Cream one-fourth cup butter; beat into it a can of pineapple, washed, dried and chopped fine; half cup chopped ham, teaspoonful grated onion, a little cream to make it moist. Press in a sieve. Have bread toasted, cut triangular shape or heart shape; pipe ham onto the edge of toast, place a saffron in center, fill one side with chopped white or sliced yolk of egg and the other side with chopped pickled beets.

Banana Salad—This is a very pretty salad and can be used at most any time of the year. Remove all skin from two grapefruit and three oranges, cut into uniform slices across the fruit, then into halves. Drain juice from a small can of pineapple and cut slices also in halves. Make individual nests of shredded lettuce on serving plates, place two sections of grapefruit in center with the curved edges together; on these put two slices of pineapple, and above that two of orange. Place a strip of pimento down the center and a nut meat at one end, and cover all with French dressing, or serve mayonnaise separately.

HEART and HOME PROBLEMS

MRS. ELIZABETH THOMPSON

Dear Mrs. Thompson: (I) I am a girl 12 years old and have been going with a boy for three years who is one year my senior. Not long ago he quit me and went with another girl and I was going with another fellow. Now the boy that I was going with is going with my sister and I am going with my steady. As we are engaged to be married I believe in being true. But he is awfully jealous. As my sister and her friend and my friend and I go to places of amusement we go together, and it's natural that I talk to my sister's friend. This makes my friend jealous and he quarrels with me and gets angry when I really do nothing to offend him. Now, Mrs. Thompson, what can I do to show him that I love him and don't mean any harm in talking to my sister's friend. I know he loves me, because he is true to me. When I am with the girl that he went with he is very friendly to her, but I don't quarrel with him, because I know he means no harm.

(2) As my hair is very thick and long, what would be a good way to wear it?

(3) How late should a girl who works every day stay out at night?

DOTTY DIMPLES.

(1) A jealous man usually makes his wife very unhappy. If he will not overcome his foolish jealousy I think you ought to break your engagement.

(2) Wear it in braids around your head.

(3) She ought to sleep eight hours a night in order to be well and do her work with the greatest efficiency. Ten o'clock is late enough, except on special occasions. For a dance, theatre party, or something like that, I think it would be all right to stay up as late as necessary.

Any girl is foolish to overdo pleasure seeking by trying to have a good time every night.

Dear Mrs. Thompson: Kindly publish a remedy for greasy nose. Also a remedy for blackheads on the side of the nose, and pimples. T. W. M.

Carry around a little pocket powder box. In the back of the cover is a small mirror. You can get a box at almost any drug store for 25 cents. Frequent use of powder is about the only thing that helps much.

To cure blackheads make an ointment of one ounce of soap liniment and one ounce of ether, mix. At night scrub the face thoroughly with hot water, using a complexion or other soft brush. After wiping apply the mixture to each of the spots and let it remain on over night. Wash off in the morning with hot water. Continue until the spots have disappeared. Then twice a week wash the face with this mixture, removing the liquid at once by rinsing with clear water. If there are large pores, wipe over each with a little alcohol.

For pimples that frequently appear with blackheads make an ointment of two grams of vaseline, 20 grams of sulphur precipitate and 20 grams of potash soap. Rub over the pimples at night. This may be used at the same time as the blackhead mixture.

Dear Mrs. Thompson: Does one have to have a high school education to become a stenographer? I went two years and was then taken sick and couldn't finish my course. I am strong now and would like to take a business course. K. T.

A high school education is not required for entering a business college. I think you will be glad of your two years at high school, however.
